

THE LOCKER ROOM

MAKING THE DESIGN & CREATION OF TEAM WEAR A BREEZE!

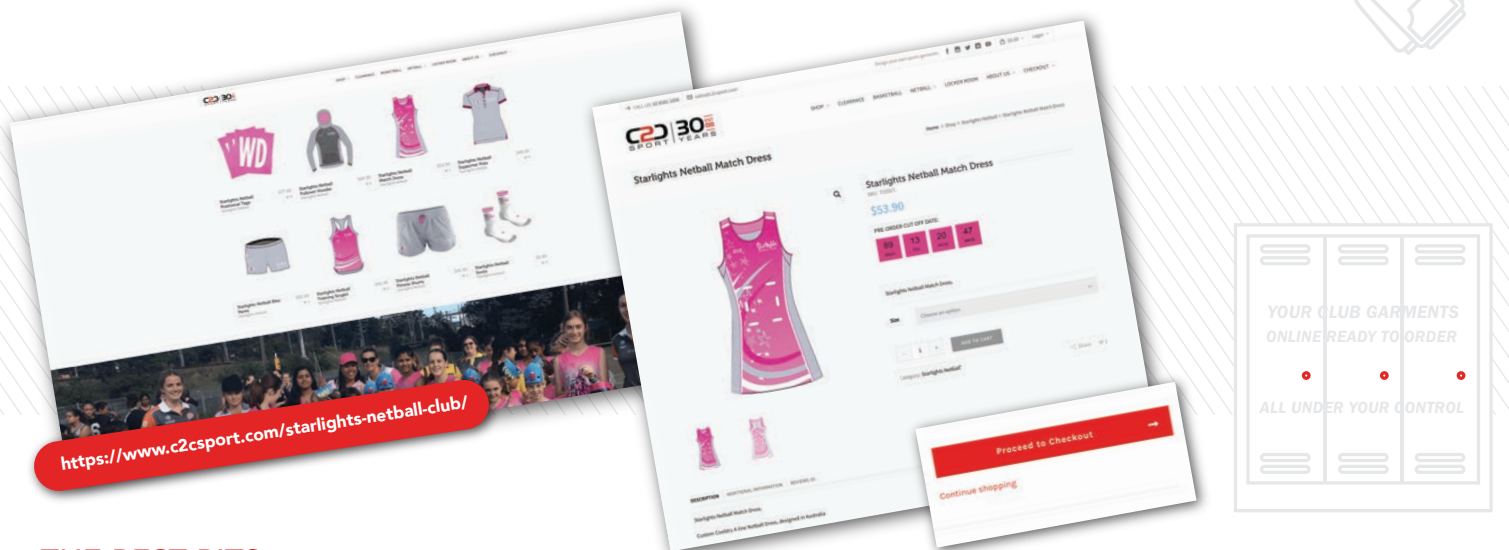

At C2C Sport we have been involved with sport at grassroots level for more than 20 years. We understand first hand the challenges of volunteer club members and we have created an online portal to make team wear super easy!

THE ISSUES THAT CLUBS & TEAMS FACE

- Ordering the right sizes and quantities
- Money handling at the courts
- Difficult to get our members together for sizing
- Identifying stock levels and storing them in club members homes and garages

WHAT WE HAVE CREATED

The LOCKER ROOM is an online shop portal just for your team. We place all of your C2C Sport team wear in the portal and give you a unique link and code. Once your members are registered, you can provide the member with your unique club code and they purchase their team wear (uniforms etc) directly from the online store. We create purchase deadlines for items too - in order to ensure that there is enough time to produce items for the season.

THE BEST BITS

NO COST

Did we mention that there is no cost to create your own LOCKER ROOM? You simply place your team wear order with us, and we will build your own Locker Room.

NO MONEY HANDLING

No need to handle monies courtside at trainings or games.

STOCK SUPPORT

You can choose to hold the stock yourself with a club member - or we can store the items and deliver them to your member's door.

TALK TO US ABOUT YOUR OWN LOCKER ROOM

We love talking to our netball community...so get in touch and see how we can make your season easier.
